Round 9 - 17 November 2012

8.1 Sharks 25 v Bonnet Bay Blue 16

After a couple days of rain it was looking like we wouldn't get a game, but it turned out a good day.

Being home team we were fielding first. Play ball was called, and the it went straight to Brendan at Pitcher, fielded well and a great throw to Finn at 1st who caught it perfectly.. Out! Nice start!

TJ almost got a tag out at second but then Hayden managed a great put out at 3rd base for number 2. It wasn't long before we sat them down for only one run with another great 1-3 combo. Cooper started us off solidly at bat with a hit to SS, Riley hit out to RF and Brendan filled up the bases for TJ. A solid hit pushed in the first runs before we lost Henry on way to first. Finn with a double and then we lost Alex at 1st, Kane on base and Marvin hitting out to RF and finishing up with singles for 6 away. 6-1

Second chance on the field saw many close

ones, plays at 2nd base, a couple at 1st and 2 at home but they managed to get 6 away with no outs... Henry got toppled by the UMP as he was trying to make an out as he pulled the Tee away but he was tough! At Bat we had Riley, Brendan, Finn, Alex and Cooper all have great hits to the outfielders but we lost TJ forced to 2nd and Kane struck out, but the last runs squeezed in thanks to Cooper with a triple. 12-7

Another great fielding effort saw Cooper just miss a forced runner who stepped off the bag (making him now a tag runner). Brendan tagged a runner from 2nd on way to third before Finn and Hayden a fantastic 1-3 for the second out. The third (and 4th) came as a catch for Brendan who then tagged the runner as well! Well done. They started coming back at us as Brendan got caught out (good running from Riley back to 1st base) TJ was run out to 2nd only just as a great slide almost made it. We lost Alex then to 1st with only getting in 1 run! 13-9

We came back hard in the 4th with Brendan getting a workout at SS tagging out 1 runner

then a great put out at 3rd. Riley at LF stopped the play after a huge hit and then Finn playing 2nd base getting a runner out and an awesome throw to TJ on 1st that would have been our first double play had it not been the 4th out! We only let in 1 run. We batted well only losing Brendan to a great hit out to CF that was caught nicely, a great run through 1st base by Riley!
19-10

We had them on the ropes in the 5th with a runner out at home by TJ at pitcher, then a 1-3 combination with Cooper the second out which could've been a double as confusion had 2 runners at first base. Kane SO close to a tag at 3rd and another close by Henry at 2nd. They squeezed in 6 away. It was like clockwork at bat and all ended with a massive Home run by Brendan bringing the game to a close. 25-16

Well done again boys, thanks again for all the help with setup, canteen and the BBQ and great help from Carlos at first base coach..... It's great to have such a great group. It goes without saying thanks to Shelley and Vic managing and Nicole for scoring.
